Request for Review
CC Docket No. 02-6

On appeal, we seek reversal of the SLD's decision to certify this application as outside the Funding Year 2004 filing window deadline.

Re: Case number – 21-028-792 – Michelle Saye was told the form 470 was postmarked on January 9, 2004 and to file the 471 on February 6, 2004.

The form 470 was actually postmarked on January 7, 2004. She tried to post the 471 on February 6, 2004 and was locked out of the system. Since that was a Friday, she did not make another attempt until Monday, February 9, 2004. She was successful on that day. The superintendent was out of town until February 13, 2004. At that time, he signed the certification and it was mailed.
